Master of Science in Accountancy

Data Analytics Concentration/Major: Required 8 Credit Hours

Students on either the Assurance and Advisory Track or the Tax Services Track can elect to seek the Data Analytics Concentration/Major. The Data Analytics Concentration/Major credit hour requirements are included in the 30 credit hour minimum to meet the degree requirements.

Choose 8 credit hours from the list below:

Course Number	Course Name	Credit Hours
MSA 70108	Data Exploration & Visualization	2
MSA 70118	Accounting Data Management	2
MSA 70128	Spreadsheet Analytics and Statistics	2 *
MSA 70129	Advanced Analytics with Python	2
MSA 70121	Fraud and Audit Analytics	3

Available ITAO courses upon availability & approval (2 credit hour courses)

*Students that completed ACCT 30280 at Notre Dame may complete the MSA DA concentration/major with 6 credit hours of DA courses. A waiver review process is available for students that have completed at least two spreadsheet courses in their undergraduate curriculum and the second course is an accounting course which includes both regression and Monte Carlo. The waiver process is initiated through Student Services.
