Deal Advisory Concentration: Required 8 Credit Hours

Students pursuing either the Assurance and Advisory (ASAS) concentration or the Tax Services (TAX) concentration can also elect to complete the Deal Advisory concentration (DAC). The Deal Advisory concentration requires eight credit hours. The credit hours necessary to complete the Deal Advisory concentration are included in the 30-credit hour minimum to meet the degree requirements.

Choose eight credit hours from the qualifying Deal Advisory concentration courses listed below. Unless expressly noted, the below courses are qualifying Deal Advisory courses for ASAS and TAX students.

Please note the following:

- MSA 70160, Taxes and Business Strategy, is a required concentration course and a qualifying Deal Advisory concentration course for ASAS and TAX students.
- MSA 70131, Analysis and Valuation using Financial Statements, is a required Deal Advisory Major course for TAX students, and it only qualifies as a Deal Advisory concentration course for TAX students.
- MSA 70158, Taxation of Corporations and Shareholders, only qualifies as a Deal Advisory concentration course for ASAS students.
