Practicum

- This course will be offered during the duration of the Master of Nonprofit Administration degree, and will be offered in two parts.
- The first segment, the Practicum, will place candidates with local, regional, national, or international nonprofit and/or social enterprise organizations in order to afford candidates to gain valuable field experience within these agencies, while also providing an opportunity for them to turn theory into practice.
- Candidates will complete a mutually-agreed upon project at the agency during Mods II and III.
- Additionally, students will be more about key nonprofit topics, including but not limited to, grant proposal writing, board development, and leadership.
